

EUCF – National Webinar

07th April 2021

Invitation

The Local Councils Association is hosting the Second National European City Facility (EUCF) Webinar on the **07th April 2021, 16:00 - 19:00**.

Set up under the Horizon 2020, EUCF will support municipalities, local authorities or their groupings with tailor-made, fast and simplified financial support and related services. The European initiative provides hands-on expertise and simplified financial aid (up to €60,000) as well as capacity building and peer-to-peer support to municipalities to enable the development of sound investment packages and mobilise finance.

The second call for applications of the European City Facility - EUCF will be open from **29th March – 31st May 2021**.

Successful applicants will use the lump sum of up to €60,000 to develop their investment concepts, which represents an initial step towards a fully-fledged business and financial plan. The objective is to facilitate the subsequent mobilisation of (local) investment in energy efficiency and renewable energy.

Find out how you can apply and benefit from the facility: join us in the Second National EUCF webinar.

Agenda:
