Re – First Level Control reviews for the Meshartility, Enescom and Effivat funded projects

Dear Ms Mifsud

Our email correspondence regarding the conduct of the abovementioned first level control reviews (ELCs) refers

After being selected, through a public call for quotations, RSM Malta have started to conduct the FLC reviews. Nonetheless, given the circumstances we could not proceed further with our reviews given that certain critical information and documentation was not available for the relevant projects funded under the Meshartility, Enescom and Effivet programmes. The critical documentation that was not available for our review included:

- a) The manual for the relevant funding programmes which would include the terms and conditions which need to be followed for the eligible expenses. Such manual would also include details regarding the reporting approach to be adopted for the FLCs.
 - b) No claim form which includes the full details of the expenses claimed for refund could be traced or it could not be confirmed if the claim form available was effectively the latest version since various version of the relevant forms (all signed and dated) were held in file. Even if such information is provided, we would eventually need to confirm if sufficient evidence is available to substantiate the amounts claimed as the relevant documentation is currently stacked in boxes and still needs to be properly filed.

Accordingly, in view of such circumstances we confirm that we cannot proceed further to finalise the FLCs as indicated earlier, unless the above are made available.

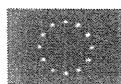

We are enclosing invoice ARI014831 to cover the costs incurred to date for the work conducted and services provided in relation to such exercise.

Regards,

William Spiteri Bailey
Partner, RSM Malta

4. If a meeting is cancelled at short notice or the member is unable to take part in a meeting as a result of unforeseen circumstances, (s)he must submit for decision to the competent authorising officer by sub-delegation his/her request for reimbursement of travel expenses and payment of a travel allowance justifying these circumstances.

Article 9
Flat-rate meeting allowance and subsistence allowance

Irrespective of the reason, the meeting allowance or the subsistence allowance may not be granted if the member has not attended the meeting.

Article 10
Reimbursement procedure

1. If the member fails to sign the official attendance list at each meeting or on each meeting day, s/he shall send a signed declaration to the Members' Financial Service, stating the reasons for this and testifying to his/her attendance at the meeting in question. This declaration must be accompanied by additional documentary evidence such as photographs, written confirmation by staff members or other participants, statements made during the meeting, etc. Each application will be submitted for decision to the authorising officer by sub-delegation.
2. If the member has submitted the claim and supporting documents in electronic format, s/he should keep the original documents available until two years after the end of the year to which the supporting document refers.
3. When (part of) the ticket has been obtained using air miles or an equivalent, only the amount actually paid by the beneficiary shall be eligible for reimbursement.

Article 11
Tickets ordered via a travel agent contracted by the CoR

1. When tickets are ordered via a travel agent contracted by the CoR, the corresponding invoice is sent directly to the Members' Financial Service and the member does not need to submit supporting documents (boarding passes and electronic flight tickets/itineraries).
2. The designated CoR travel agent may only issue tickets for direct journeys that comply with the rules on the reimbursement of travel expenses.
3. The CoR travel agent may not issue tickets for private journeys or journeys that are not related to the activities of the Committee.

Article 12
Arrangements for payment of allowances and reimbursement of travel expenses

1. Statements of flat-rate allowances paid and travel expenses reimbursed shall be sent by e-mail to a confidential e-mail address provided by the member. The e-mail shall be sent when the payment instruction is sent to the bank.
2. The member shall send the Committee a financial identification form with his/her full bank details, the stamp and signature of the bank and the account holder's signature.

The member shall also send the Committee the legal entity form containing his/her personal details, signature, a clear double-sided copy of his/her passport or national identity document and, if necessary, an official document stating that his/her VAT number is correct.

Bank transfers cannot be carried out until these details have been validated in the European Commission's central files.

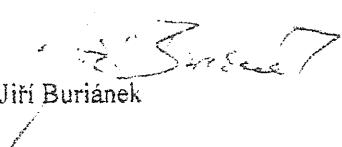

3. Payment instructions for a member requesting that the reimbursement be paid to a bank or post office account in a European Union country shall be sent with an instruction that costs are to be shared. These payments may only be considered to be domestic payments if IBAN and BIC codes are provided.
4. Members who have incurred bank charges during year "n" may apply for these costs to be reimbursed during the year "n+1", by presenting supporting documents that state the actual amounts paid.
5. Currency conversions for countries outside the euro area shall be made at the official rates published by the European Commission in the edition of Infor-Euro for the date of the meeting attended by the member.
